Description			
Little T USAC Club would like to register 5 cars for racing We would need to know if this is a custom rule for their club, or is it a USAC rule Presently you can register 4 quarter Midget cars, and one Half Midget car.(QMA Rule) Is there any restriction in USAC as to how may car you can register? maybe the new feature could be no restriction. Joe, can you edit this with your input for the feature request?

Joe, In the Classes setup(format editor) I tried a temporary change to the Unrestricted Animal class and switched them from a Car Type 'QuarterMidget' to 'HalfMidget'

This will allow 5 cars to be registered till we resolve the Feature Request
